INFO & ADVICES

Market on Tuesdays and Saturdays.

Enjoy an ice cream at Barbarac on the port of Saint Tropez, you'll love it!

Stop at the bakery *La Tarte Tropézienne* in Sainte Maxime to buy the famous cake (created by A. Micka, symbol of pleasure, holidays and sun).

Good to know : if you also want to go in Ramatuelle, it's better to take your car. There is only one road to go in Saint Tropez so it is very crowded in summer, that's why we advise you to leave in the early morning (9am max) and come back not too late. But, shuttle boat are available and can be more convenient.

More info at the reception.
